Last week was another week of showcasing Wallsend Public School Student's talent. Last Tuesday night I was privileged to be part of a ceremony at the university to celebrate the extra learning students completed in and out of school hours. The graduation was held in the Great Hall where seven students were 'gowned up' to graduate from the Children's University Program. The ceremony was followed with dinner and disco. Congratulations to all students who participated in this program and I hope you enjoyed the experience. Thank you Ms Phillips and Ms Hughes for supporting students by providing support during this program.

Our Digital Media Team, led by Mr Dedman were able to view their video on the big screen last Thursday night at Wallsend High School in Halloween style. It was a great evening and once again our band, dance group and choir did amazing performances. Thank you to all the parents that ensured their child/ren attended the night time event, without parent support opportunities such as these would not be as successful.

High school transition 'Great Start Program' started last week for some of our Year 6 students. Students attended lesson during the morning at the high school and returned back to WPS around lunchtime. On the arrival of students back at WPS, the students were happy and excited about the their experiences.

Have a great week and remember if you can be anything be kind!

Aboriginal Display Area

A huge thank you to Wallsend P & C for the purchase of a glass cabinet to display our Aboriginal artefacts. Many of these artefacts have been generously donated by the Latham family so that students can develop a real appreciation for our rich Aboriginal culture. They were purchased during a road trip across the Nullabor Plains in the 1970's.

You are welcome to pop into the library and view for yourself the great resources we now have on display. There is a carved emu egg from Western Australia that is quite unique and takes the centre position in the cabinet. This was also donated by the Latham family. Our thanks to the Latham family for gifting us these artefacts to enrich student learning. We look forward to them being utilized as teaching resources both in and outside of the cabinet.
